

2021 National Telecommunicators Week Buttons Available

APCO Members,

Make your plans now to show your support for our nation's 9-1-1 professionals during the 2021 National Telecommunicator's Week (April 11-17, 2021).

Hold a chapter, agency, or community event to show your support and celebrate these true First Responders. Holding an awards ceremony? Contact your local Congressional Representative and they can provide wonderful certificates for your winners. Surprise your Telecommunicators with a Pizza Day, Ice Cream Social, and Pastries & Deserts, hold a Bar-B-Q, organize a Pot Luck, or bring In-N-Out Burgers (sorry, it's a West Coast thing). These are fun for everyone and always greatly appreciated by those working in the PSAP.

Want to make a real difference? Please publicly support the national reclassification of our 9-1-1 Professionals to a "Protective Service Occupation," alongside law-enforcement personnel, firefighters, security guards, lifeguards, and others whose job it is to protect our communities.

Looking for other great ways to visibly show your support during National Telecommunicators Week? As a chapter fundraiser for National Telecommunicators Week, the Southern California Chapter of APCO (CPRA Chapter) is once again offering the 2021 National Telecommunicators Week Commemorative Buttons as a way to show your support for our professional Telecommunicators. Originally created to celebrate National Telecommunicators Week in 1991, this is now the 31st consecutive year that the Southern California Chapter has produced these commemorative buttons to recognize our 9-1-1 Professionals. Buttons are 2" round with pin back and are still only \$1 each plus shipping & handling.

To order: Click on the image below to visit or "**Chapter Store**" and order online or to download an order form.

Scroll down in the Chapter Store to Fundraisers to place your button order online, or if paying by check or money order, scroll down further and download the PDF order form and fax, email, or mail your order. Note: Supplies of these buttons are limited and requests are being fulfilled on first-come, first-served bases. We usually completely sell out of the commemorative buttons a few weeks prior to National Telecommunicators Week.
