- Band charts for frequency privileges
- 3 month free ham magazine subscription
- Beverages and Saturday lunch provided by Newport Fire CERT.
- Priority Mailed to you, via postal, including map to class
- Pass your ham radio FCC license exam right in class.
- Live equipment demonstrations, including emergency radio communications.
- Radio demonstrations of radio internet linking, plus computer communications.
- Training on how to operate through local radio repeater systems.
- Study questions reorganized for easier classroom learning. New simple Test!
- Multiple-choice examinations with no Morse Code test required.

Ham radio operators provide valuable communications in an emergency. Many cities throughout the country use ham radio operators to support Community Emergency Response Team (CERT) training and actual call-outs. This action-packed class will feature live ham radio equipment for everyone to learn how to operate. Pre-study before class and pass your amateur radio Element 2 Technician class examination, right in the classroom. New Easier Test!

- Earn full ham radio Technician class radio privileges. - **FREE INSTRUCTION !**
- Learn radio communications through satellites and the International Space Station (ISS).
- Operate your own ham radio position-reporting system (APRS). **LIVE DEMOS !**
- Operate ham radio television and computer radio photos (ATV and SSTV). **LIVE DEMOS !**
- Become a ham radio emergency responder for CERT communications.

Pre-registration is required to hold a spot for you in this limited volunteer emergency communicator class. \$15.00 FCC test fee required on Sunday afternoon at test time.

Questions? Call GORDON WEST at 714-549-5000. Mail in your registration fee now to hold a spot in this Newport Fire class.
