

Northwest Chapter

VISIT UNIVERSITY OF WASHINGTON

The American Legion Hall at University and 7th, Seattle, Washington was the site of the meeting of the Northwest Chapter of APCO on the evening of October 18. Mr. Marlyn Byron, one of our worthy Seattle members, acted as host and moderator during the symposium period for the first half hour prior to the meeting. During this time the members and friends renewed old acquaintances and talked over various communication problems and topics of common interest.

Directly following the dinner, the meeting was called to order by our worthy president, Mr. Sherrod. He in-

roduced the various members from out-of-State and within the State. Mr. St. Louis from Corvallis, Oregon, was given a big hand for coming the greatest distance. Also present were Mr. Max Fleming and Mr. Nyberg of Portland. Mr. James Faris, a newly signed-up member from Wenatchee and Mr. Clarence Scott from Yakima represented the central portion of the State. A few of the other members present were Captain Quantz, Supervisor of Communications of the Washington State Patrol, Seattle; Mr. Ellis Taylor of the Highway Department Communications, Olympia; Mr. J. E. Hogg, General Electric; Mr. Max Bice, KTNT, Tacoma; Mr. Leslie Webb, Everett Fire and Police; Mr. Tarbell, Seattle; Mr. Featherkile, Bellingham Police, and Mr. D. M. McDonough, Tacoma Police.

The F.C.C. was well represented by our good friend, Mr. George Wiltse.

Immediately following the introductions the president announced the read-

ing of the minutes of the previous meeting would be deleted and further business suspended due to the varied trips of the evening. Professor Cochran, from the University of Washington, advised how to reach Meany Hall, where the GE House of Magic would be held and how to go to the EE Building where a tour of the Engineering Department would be conducted after the House of Magic.

The Secretary was instructed to write Mr. Poujade at Salem, Oregon, to have the date and time set for the next meeting in Oregon. The meeting was adjourned at 7:50 p. m. and everyone went to Meany Hall, University of Washington. The House of Magic was everything we anticipated. The tour through the EE Building was very interesting and brought out various favorable comments from the members. The tour of the EE Building concluded the evening at approximately 10:45 p. m.

DWIGHT JOHNSON, Sec'y

RESOLUTION

INDIANA CHAPTER

ASSOCIATED POLICE COMMUNICATION OFFICERS

WHEREAS one of the operations of the Associated Police Communication Officers is to furnish information, exchange of thought and help to all its members, to promote better radio operations, and

WHEREAS one of the functions of the Associated Police Communication Officers has been the publishing of the National Police Communications Network Directory for the benefit of all its members, and

WHEREAS the Sixth Edition of this Directory has been successfully published and distributed through the cooperation of members of the Directory Committee and the Organization:

NOW THEREFORE, BE IT RESOLVED that the Indiana Chapter of The Associated Police Communication Officers go on record as highly commending and praising all who played any part in making the publication possible, especially Walter B. Williams, Chairman and Ray Donovan, Co-Chairman; these gentlemen doing this important work on their own time.

AND BE IT FURTHER RESOLVED that the Indiana Chapter of the Associated Police Communication Officers send copies of this resolution to the above mentioned members, as well as to their Chiefs of Police, advising their superiors of the honest and sincere effort these men are making to further the efficiency of police radio communications.

RESOLUTIONS COMMITTEE

PAUL M. BONHAM
W. PETE ANTHONY
OTTO KIRBY

Presented and unanimously adopted at the regular quarterly meeting of Indiana Chapter held at Crawfordsville on September 11, 1951.

C. P. R. A.

MOVE TO STANDARDIZE CODE

The October meeting of C.P.R.A. was held at the Elks Club in Anaheim, on Friday, October 19, 1951.

The meeting was opened by President McKinley, who gave a report on the recent meeting of I.M.S.A. in San Francisco. Further information on this meeting was given by K. V. Keeley.

Fred Crowder, Chairman of the Frequency Allocations Committee, was not present and no new business was presented.

It looked like there would be no business to transact and everyone could go home, but someone brought up our code situation and a long discussion followed. It was moved, seconded, and carried, that we make a new attempt to standardize our code as our point-to-point system requires the use of one code only.

Mr. Hoffert of the Santa Ana FCC Monitoring Station was introduced and gave a short talk.

Meeting adjourned, and after lunch, everyone was taken through the Anaconda Wire and Cable Manufacturing Company's plant at Orange, California—a very interesting event.

Next meeting will be at Maywood City Hall, November 23, 1951.

HARVEY W. ZIEGLER, Sec'y
